

Exhibition Mentors

PYP Teacher Support Material

Scope of requirements

The PYP development team is seeking to develop a collection of materials that offer support to exhibition mentors, including their roles and responsibilities, and guidance on how to guide student inquiry, and strategies to support student-initiated action.

We would like to understand how you introduce the exhibition to mentors, the steps mentors might take (with 'tips' interspersed throughout) to support students, and how mentors can actively involve students in the process.

Materials submitted can include, but are not limited to, mentor handbooks/handouts. For this callout process we are not looking for video submissions.

Submission criteria

Your submission will be reviewed against the following criteria (if applicable):

- promotes student/teacher engagement
- promotes inquiry-based learning
- linked to aspects of the learner profile
- encourages student creativity and agency
- demonstrates inclusive approach to education
- when possible, can be linked to a unit of inquiry and the central idea
- When possible, authentic use of digital technology

Check list to ensure a complete submission

- Submission of Teacher Support Material in one of the compatible formats: Microsoft Word (.doc, .docx), Rich Text Format (.rtf), TIF, JPG, PNG, GIF (images should have a resolution of 72 dpi).
- Please reference in your materials if you are using non IB sources to inform your support material. As the IB does not have permission to use third party material, we might have to amend your material slightly to reflect this.
- Completed and signed **Submission Pack** that includes the following:
 - Submission form
 - Copyright license request form
 - Image and Personal Data Consent Form (Minor)
In the case of minors appearing in pictures, complete one form per minor
 - Image and Personal Data Consent Form (Adult)
In the case of adults appearing in pictures, complete one form per adult

Deadline for submission: 21 April 2017

Please e-mail your submission (including completed and signed submission pack) and mentioning in the subject line: TSM Phase 2: pyp.curriculum@ibo.org
